THOSE NEW WOOD PLANT BANDS

Illustration shows the distinct advantages of this new spruce veneer Plant Band over the old clay pots.

No transplanting setback when young plants are set out.

Hinman's Greenhouse grow and deliver all small plants in these bands.

PETUNIAS Fringed - dwarf - doubles, all colors exceptionally nice plants. Use freely as borders, beds etc.

ASTER PLANTS The twelve best varieties grown by color make your own mixture for color.

ZINNIAS Ran short of these last year but we have plenty this year mostly DAHLIA-FLOWERED GIANTS and by color.

MARIGOLDS All double ORANGE and double YELLOW also DWARF and French Marigolds.

SNAPDRAGONS Best out-door varieties (Mixed colors.)

CALENDULAS Ball Long Orange and Ball Lemon Queen,

MORNING GLORY or IPMOEA Heavenly Blue Imperial Japanese.

SCABIOSA Giant Hybred Mixture.

LUPINES Mixed colors.

SALPIGLOSSIS Mixed all colors in dwarf class.

Vincas - Argeratums - Coleus or Foliage Plants, Salvia etc.

A few Oregon Giant Pansy Plants too, but a short crop this year.

Geraniums - All colors in standard 4 inch pots.

A few extra large mother plants in 5 inch pots.

Hardy Chrysanthemum Plants Phlox Delphinium etc.

Take a look at that picture again of the New Plant Band. It costs a little more than plants grown in flats but there is no loss when plants are set out. They are cheaper and a lot better than clay pots.

Still plenty of Gladiolus Bulbs both in mixture and named varieties, Come and see us anyway
